29 November 2019

Dear Vô Vi Friends,

As the International Vô Vi Convention “Immense Understanding” 2019 barely ended, our Vô Vi friends are again eagerly awaiting the news about the next convention “A Rich Spiritual Consciousness” in Phuket, Thailand.

Even though the Vô-Vi Tết Festival occurs during the fall season, this is the day which our friends will never forget, as we will remember our dear Master on 23<sup>rd</sup> September 2020. The Vô-Vi children, like birds from all corners of the world, will fly to the temperate and warm climate of Thailand, to learn together the words of truth from our Master, to meditate together and enjoy the spiritual energy from the World Above.

Phuket is a well-known tourist destination, and there are many flights to this location. The Phuket International Airport is large and well-maintained (**airport code: HKT**). From the airport to the hotel, you will travel about 75 minutes or longer if there is a traffic jam, as the hotel is situated in a distinct area, very serene and secure.

The Hilton Arcadia Resort and Spa is a 5-star hotel located in 75 acres near the Karon beach, surrounded on one side by the ocean, and on the other side by mountains. The harmony between ocean and mountains creates a pure, light, and peaceful atmosphere.

The hotel has a very special layout. The guests can enjoy the peace and serenity of the multiple gardens with 5 swimming pools and 7 separate buildings. The hotel rooms are bright and every room has a balcony to breathe in the early morning air or to watch the sunset. From these rooms, you may see the Big Buddha statue on the mountain in the distance, or watch the sea expanding till the horizon....

Coming here, you will feel like being in an earthly paradise, with the light sea breeze and the palm trees swinging with the wind. Next to the lush vegetation, there are many lounge chairs inviting you to take a rest, or to find a quiet corner to practice the silent invocation of Nam Mo A Di Da Phat.

After 5 minutes walk approximately, you will arrive to the sandy beach with crystal clear water. The beach here is not as crowded as the Patong beach, allowing more privacy and quietude.

Every morning, you can take a stroll along the ocean to enjoy the sea breeze and listen to the murmur of the waves, which remind us of the lullabies from our mothers.

The meeting room is large and modern. The LED lights along the walls and the star lights in the ceiling will give you the impression of looking at the night sky with hundreds of blinking stars. We hope that we can all reunite here to enjoy a very happy Vô Vi Têt festival. **As we only have this unique opportunity once a year, don't lose this chance! As our space is limited, we encourage you to register early.**

As usual, after the 3-day Vô Vi Têt festival, our friends will enjoy one optional day after the convention to extend this loving and precious atmosphere.

If you wish to stay an additional day, you can choose between 2 tours, and after the tours, we will have a dinner together at the hotel, before saying good-bye on Sunday, 27 September 2020.

Vô-Vi friends under 70 years old can select the James Bond Island tour. Even though our friends over 70 years are still healthy and agile thanks to the practice of the Vô Vi meditation, unfortunately, the tour company can only accept guests under 70 years old because of the mandatory insurance requirements, and they do not cover people over 70.

We will book private boats for the Vô Vi group, and the sea will be calm, as we will only travel inside the Andaman Sea Bay. At the Hong Island, you will sit in a canoe, with a guide to do the rowing, and as the canoes glide on the green and clear waters, you will enjoy the scenery around the small islets with many

intriguing forms. This tour includes a light lunch and a swimming stop. Let's get together to discover this wonderful journey...

The CITY Tour is also very interesting. First, the group will go to the mountain top to visit the Big Buddha statue and view the Phuket island from above. Next, the group can stop at famous viewpoints such as the Nai Harn viewpoint, then visit the Old Phuket city, and we will end the tour at Central Phuket, the best location to shop for souvenirs and enjoy street food. Central Phuket is a very big shopping mall, with numerous local food from Phuket and Thailand, in addition to the inviting fresh tropical fruits. The Food Court has numerous food stands offering all kinds of seafood, sweet desserts, smoothies, etc. Here, you can shop for Thai silk, dried fruits, massage oils, etc. and on week-ends, the place usually offers some cultural entertainment for the tourists. If you come early, you can also go the FantaSea or Siam Siramit shows, and buy the tickets at the hotel Tour Desk.

The Vô Vi convention “A Rich Spiritual Consciousness” provides a unique opportunity for Vô Vi friends from East to West to meet each other, to learn together, to develop our true spiritual consciousness, to enjoy 3 days full of serenity and loving energy from the World Above. Let’s hope that we will be able to attend in large numbers, to meditate together and direct our spiritual consciousness toward the World Above and our dear Master.

Please register early so that the Organization Committee will have sufficient time to make arrangements and pay the deposits to the hotel and the tour company, as space is limited, especially for the tours.

**The registration deadline is 15 April 2020 or earlier, if we are fully booked. The number of Twin rooms is limited and is offered to those who register early. Please make the first deposit before 15 January 2020 and the final balance by 15 April 2020.**

For further information, please visit the website [www.vovi.org/en](http://www.vovi.org/en), under the section Vô Vi Activities, International Vô Vi Convention 2020. You can download the MSWord Registration Form there.
